Chief Special Master Corcoran

Filed: April 28, 2025

*Leah VaSahnja Durant, Law Offices of Leah V. Durant, PLLC, Washington, DC, for
Petitioner.*

Christopher Pinto, U.S. Department of Justice, Washington, DC, for Respondent.

RULING ON ENTITLEMENT¹

On May 2, 2024, Arianna White filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she suffered from Guillain-Barre Syndrome (“GBS”) following an influenza vaccine she received on September 29, 2022. Petition at 1. Petitioner further alleges that she has suffered the residual effects of her vaccine-related injury for more than six months. Petition at ¶ 15. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On April 25, 2025, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent’s Rule 4(c) Report at 1.

¹ Because this Ruling contains a reasoned explanation for the action taken in this case, it must be made publicly accessible and will be posted on the United States Court of Federal Claims’ website, and/or at <https://www.govinfo.gov/app/collection/uscourts/national/cofc>, in accordance with the E-Government Act of 2002. 44 U.S.C. § 3501 note (2018) (Federal Management and Promotion of Electronic Government Services). **This means the Ruling will be available to anyone with access to the internet.** In accordance with Vaccine Rule 18(b), Petitioner has 14 days to identify and move to redact medical or other information, the disclosure of which would constitute an unwarranted invasion of privacy. If, upon review, I agree that the identified material fits within this definition, I will redact such material from public access.

² National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755. Hereinafter, for ease of citation, all section references to the Vaccine Act will be to the pertinent subparagraph of 42 U.S.C. § 300aa (2018).

Respondent states that “Petitioner has satisfied the criteria set forth in the Vaccine Injury Table (“Table”) and Qualifications and Aids to Interpretation (“QAI”), which afford Petitioner a presumption of causation if the onset of GBS occurs between three and forty-two days after a seasonal flu vaccination and there is no apparent alternative cause.” *Id.* at 4.

In view of Respondent’s position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
